A caring and sensitive travel insurance solution for travellers with medical conditions

How does Able2Travel insurance help to protect me?

When planning a trip – whether it’s a short break, or the adventure of a lifetime – it’s important to make sure you have appropriate travel insurance.

The right policy can protect you against the expenses of unexpected medical emergencies, cancellation of your holiday, loss of your luggage and many other problems.

If you have a medical condition, you may have found it difficult to get travel insurance cover in the past. Able2Travel is here to help.

With over 15 years’ experience of helping people with medical conditions to obtain suitable insurance, we have the knowledge and resources to offer you effective insurance solutions at competitive prices.

“Able2Travel covered his heart condition and our holiday of a lifetime.”

What if I have a pre-existing medical condition?

Able2Travel specialists will guide you through the process of medical screening.

We have previously provided travel insurance cover for a number of medical and health conditions, including:

Angina	Arthritis
Asthma / COPD	Bowel Cancer
Breast Cancer	Crohn’s Disease
Diabetes	Epilepsy
Heart Attack	Heart Disease (and other heart conditions)
High Blood Pressure	High Cholesterol
Kidney Disease / Dialysis	Prostate Cancer
Skin Cancer	Stroke / TIA

In addition to the Able2Travel policy, our specialists have access to a range of insurance options and will assist you in finding you cover for all medical conditions.

Why might I need medical cover when travelling?

If you require emergency medical treatment in a foreign country it is likely that you will have to pay for some or all of it yourself, even within the EU with a European Health Insurance Card (EHIC).

For example, medical expenses often exceed £100,000 and repatriation from the USA can easily cost £50,000.

Costs like these can be financially devastating and this is where travel insurance comes in as an essential part of your travel plans and budget.

Over the age of 65?

The Able2Travel policy can provide cover up to the age of 79. Options are also available for individuals who are older.

What can be covered?

You have a choice of Single Trip or Annual Multi-trip insurance policies, depending on your age and the trips you have planned.

Available policy options include the following:

- Cancellation or curtailment
- Emergency medical expenses
- Emergency repatriation
- Emergency dental treatment
- Hospital stay benefit
- Personal accident
- Travel delay
- Travel abandonment (after 12 hours)
- Missed departure
- Baggage
- Emergency purchases
- Personal money
- Loss of passport
- Personal liability
- Legal expenses
- Catastrophe & travel disruption cover
- Financial failure
- Ski equipment - overall limit
- Piste closure

Standard or Double Cover?

There is also an option to select Standard or Double Cover.

Double Cover doubles all of the policy limits and reduces the excesses, thus reducing the first amount of any claim that you have to pay.

Yes, I want travel insurance that covers my medical condition.

What are the next steps?

We are here to help you every step of the way. The first step is to obtain a quote for Able2Travel insurance cover that meets your specific needs.
